

Rosanne Rutkowski joined KHC as Program Director in November 2015 to provide leadership and execution of the Transforming Clinical Practice Initiative (TCPI) and Practice Transformation Network (PTN) in Kansas. She is responsible for planning and implementing KHC's work with primary and specialty practices to help prepare them for the transformation from fee for service-based payment to one that is performance-based.

Her background includes many years of experience in the health care industry, most recently as a Care Coordinator with the Continuum of Care Program at StormontVail HealthCare, Topeka, where she ensured the delivery of quality, efficient and cost-effective patient services. She served as the Director for the Kansas Trauma Program at the Kansas Department of Health & Environment for 15 years as well as a Child and Adolescent Consultant and as Director of the Injury and Disability Prevention Program, all for KDHE.

Rosanne holds a Master in Public Health degree from Wichita State University, Wichita, Ks. She received a Bachelor of Science degree in Nursing from Marymount College, Salina, Ks.
