Devin June joined KHC in July 2017 as a Quality Improvement Advisor for the Practice Transformation Network (PTN) in Kansas. He works with physician practices to assess performance and identify strategies and best practices to support clinicians in the transition of a delivery and payment system built on volume to one based on performance.

Devin's background includes 15 years of work in health care that encompasses profit, not for profit and community hospitals. His skills include accounts receivable, ambulatory care, database management, joint commission regulatory accreditation, staff training, patient compliant resolution, patient safety, policy creation, process improvement, and quality and risk management.

Devin joined KHC after serving as Contract Air Force Patient Safety Manager at Synensys, LLC in Wichita, where he directed the Military Health System Patient Safety Program at the Military Treatment Facility level. His professional experience also includes a position as Implementation Specialist, working with clinical staff on best practices, resolving issues and educating medical staff at Pulse EHR, Inc., Wichita. He has worked at KU School of Medicine (Wichita), Via Christi Health (Manhattan and Wichita), and Sumner Regional Medical Center (Wellington).

Devin received a Bachelor of Science degree in Health Services Management with a minor in Business Administration from Wichita State University. He is currently working on a Master of Science in Health Sciences (MSHS) at George Washington University, Washington, D.C., and plans to complete his degree in 2018.
