

Malea Hartvickson joined KHC in January 2018 as Quality Improvement Advisor for the PTN. Malea works with medical practices in the western part of the state.

Malea brings a wealth of health care knowledge and experience to the QIA position. She has worked for the past 7 years at Newton Medical Center as the Director of Quality Management/Accreditation. She was responsible for implementing the Physician Quality Reporting System, interpreting federal rules and regulations, communicating changes and updates throughout the hospital and clinics, and guiding the hospital in continual process improvement efforts. Malea also served the Newton Medical Center as an HIM Clerk, Data Analyst, iCare Project Coordinator/HIPAA Security Officer and HIPAA Privacy Officer.

Malea holds a Bachelor of Science in Business Administration and Master of Health Care Leadership degrees from Friends University in Wichita.
