

KANSAS COLORECTAL CANCER CONTROL PROGRAM (CRCCP) ECHO SERIES

Geared toward primary care providers, quality improvement leaders, nurses, and other clinic staff, this series aims to provide tools and resources to improve colorectal cancer (CRC) screening in the primary care setting. Sessions will address the new CRC screening guidelines, promising practices for improving office workflow, population health strategies for improving completion of CRC screening outside of office visits, and much more. Each session will highlight a case study presented by a participating clinic and will provide ample time for discussion and questions with your peers.

SERIES DATES:

All sessions will be held from 12:15 to 1:15 pm Central Time.

Tuesday, February 1, 2022
Tuesday, March 1, 2022
Tuesday, April 19, 2022
Tuesday, May 17, 2022
