August 23, 2017
10 to 11 a.m.

623 SW 10th Ave. • Topeka, KS 66612 • (785) 235-0763 • www.khconline.org

KHC Hospital Improvement Innovation Network

Agenda

- Welcome and Announcements
- HIIN Milestone 5 & Data Update
- HIIN Readmissions Challenge
- Using the evidence:
Readmissions Prevention Strategies
- #123 Pledge for Equity and KFMC Disparities Report
- Resources and Upcoming Events

Presenters

Kansas Healthcare Collaborative

- Michele Clark, MBA, CPHQ, ABC, Program Director
- Rob Rutherford, Senior Health Care Data Analyst

Cynosure Health

- Pat Teske, BSN, MHA, Implementation Officer

Kansas Foundation for Medical Care

- Sarah Irsik-Good, MHA, Vice President

Hospital Sharing

HIIN READMISSIONS CHALLENGE

New Resource

**New IHI
White Paper!**
Joy In Work
What matters to you?

This white paper describes:

- **The WHY:** The importance of joy in work
- **The HOW:** 4 steps leaders can take to help staff find joy and meaning in their work
- **The WHAT:** 9 critical components of a system for ensuring a joyful, engaged workforce

www.ihl.org/resources/Pages/IHIWhitePapers/Framework-Improving-Joy-in-Work.aspx

Quarterly HIIN Activities Survey

2Q2017 HIIN Activities Survey:
What's your proudest achievement so far?

- Zero falls for the most recent month/quarter
- Successfully implemented a sepsis protocol
- PFAC up and going
- Inputting data regularly

August 23, 2017 Kansas Healthcare Collaborative 8

Quarterly HIIN Activities Survey

2Q2017 HIIN Activities Survey: What's your highest priority for 3Q2017?

- Sepsis identification/treatment
- Readmissions
- Improve/start PFAC
- New EHR/EMR

August 23, 2017 Kansas Healthcare Collaborative 9

Measures & Data Update

Data Announcements

Our *Next* HIIN Milestone (#5)

- All HIIN data are current – October through May*
– by September 20, 2017.
- Met reduction goals in at least 5 topics.

Please help us collectively meet this target.

**Being current through July is preferred!*

Readmissions

FY18 Medicare Readmissions Penalties

- In FY 2018, Medicare is penalizing 2,573 hospitals, just two dozen short of what it did last year.
- Between 2007 and 2015, the frequency of readmissions for conditions targeted by Medicare dropped from 21.5 percent to 17.8 percent.
- This year, the average penalty will be 0.73 percent of each payment Medicare makes for a patient between Oct. 1 and Sept. 30, 2018.

HIIN Readmissions Challenge

HIIN Readmissions Challenge

Take A Dive,

Interview Five

THROUGH SEPTEMBER 2017

 1
 2
 3
 4
 5

☐ Identify 5 or more patients in the hospital that have been recently readmitted.

☐ Interview five patients/caregivers using the ASPIRE 2 tool.

☐ Aggregate interview results using the Readmission Case Review Analysis tool.

☐ Analyze responses for new insight regarding "why" patients soon returned to the hospital.

☐ Share what you learned with KHC using the hospital feedback SurveyMonkey link below.

ASPIRE 2 Tool:

www.hret-hiin.org/resources/display/aspire-tool-2-readmission-review-tool

Readmissions Case Review Analysis Tool:

www.hret-hiin.org/resources/display/readmission-case-review-and-analysis

Kansas Healthcare Collaborative

25

HIIN Readmissions Challenge

Polling Question

Describe where you are in the readmissions challenge

- First I have heard of it
- Discussing with out team
- In process of beginning interviews
- Have conducted a few interviews already
- Have completed interviews

August 23, 2017

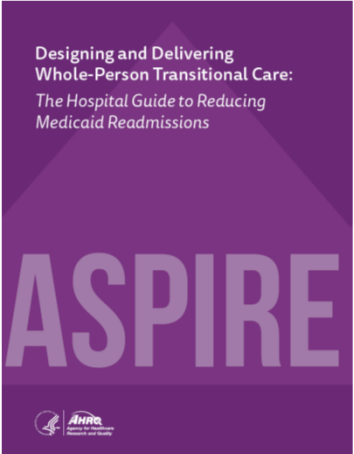

Kansas Healthcare Collaborative

26

HIIN Readmissions Challenge

- **READMISSION REVIEW TOOL**
 - Gets at the story behind the story
 - **Instructions**
 1. Identify patients in the hospital who have been readmitted.
 2. Ask the patients/caregivers if they are willing to have a 5- to 10-minute discussion about their recent hospitalizations.
 3. Capture patient/caregiver responses.
 4. Analyze responses for new insight regarding “why” patients returned to the hospital soon after being discharged.

Tool #2

August 23, 2017 Kansas Healthcare Collaborative 27

HIIN Readmissions Challenge

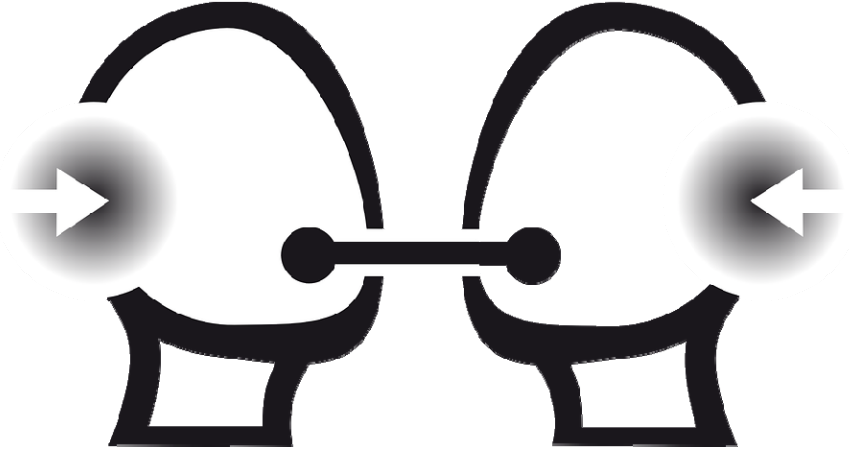

Dig deep to understand root causes

- Ask “why” 5 times to elicit the “root causes” of readmissions.
 - If an interview revealed that a patient did not take her medication.
 - Why did she not take her medication? She did not take it because she did not have it.
 - Why? She did not go to pick it up from the pharmacy.
 - Why...? Continue to ask until you have identified opportunities that your hospital team can address (e.g., bedside delivery of medication, teach-back, medication reconciliation; such services may exist for some patients but not others or may be delivered as available rather than consistently).
 - Try to avoid citing disease exacerbations or noncompliance as root causes. If those are factors, ask “why” again.

August 23, 2017 Kansas Healthcare Collaborative 28

HIIN Readmissions Challenge

What did you learn?

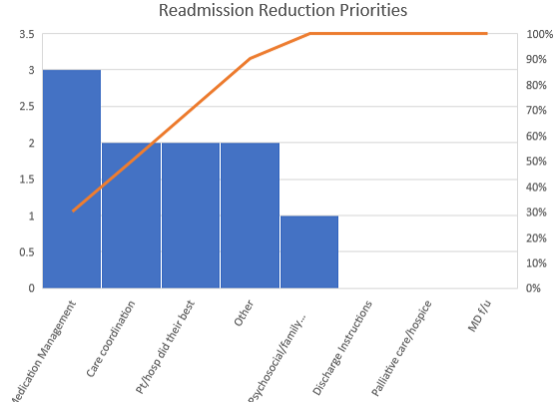

August 23, 2017 Kansas Healthcare Collaborative 29

HIIN Readmissions Challenge

Lawrence Memorial Hospital HIIN Readmissions Challenge

Readmission Reduction Priorities

Category	Count (Bar)	Cumulative Percentage (Line)
Medication Management	3.0	33%
Care coordination	2.0	67%
PT/Resp did their best	2.0	100%
Other	2.0	100%
Psychosocial/family	1.0	100%
Discharge instructions	0.0	100%
Palliative care/hospice	0.0	100%
MD file	0.0	100%

Focusing on patients' perceptions of barriers can help focus our solutions.

Readmissions Prevention Strategies

Readmission reduction drivers

Reduce Readmissions

- Use data and RCA to drive cont. improvement
- Improve standard hosp.-based transitional care processes
- Deliver enhanced services based on need
- Collaborate with providers and agencies across the continuum

HRET HIIN Readmissions Change Package Driver Diagram
[CP](#)

August 23, 2017 Kansas Healthcare Collaborative 33

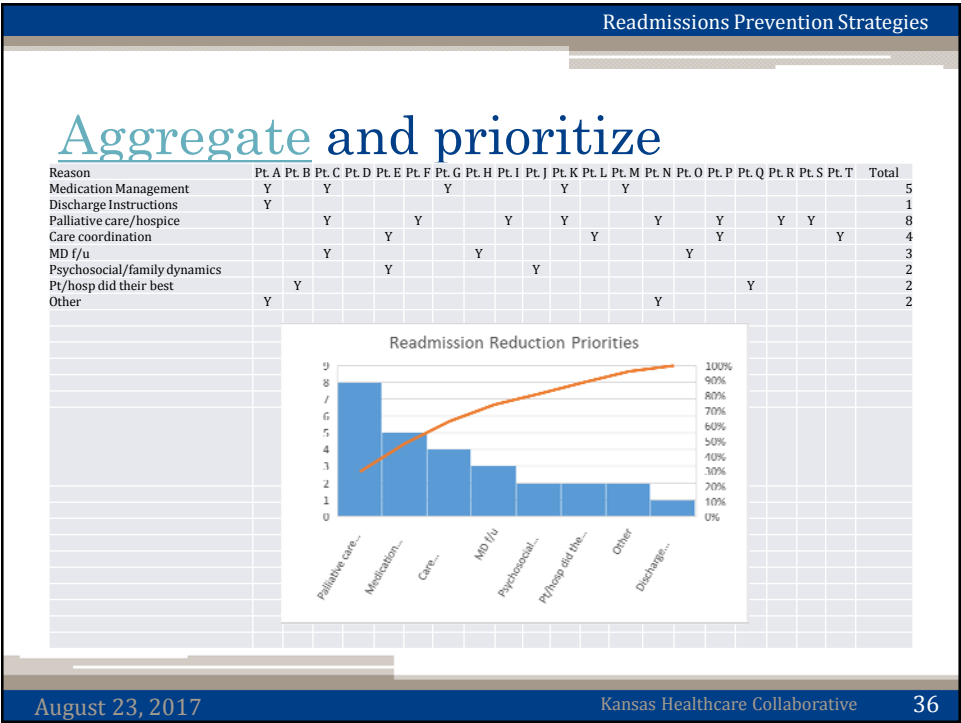

Readmissions Prevention Strategies

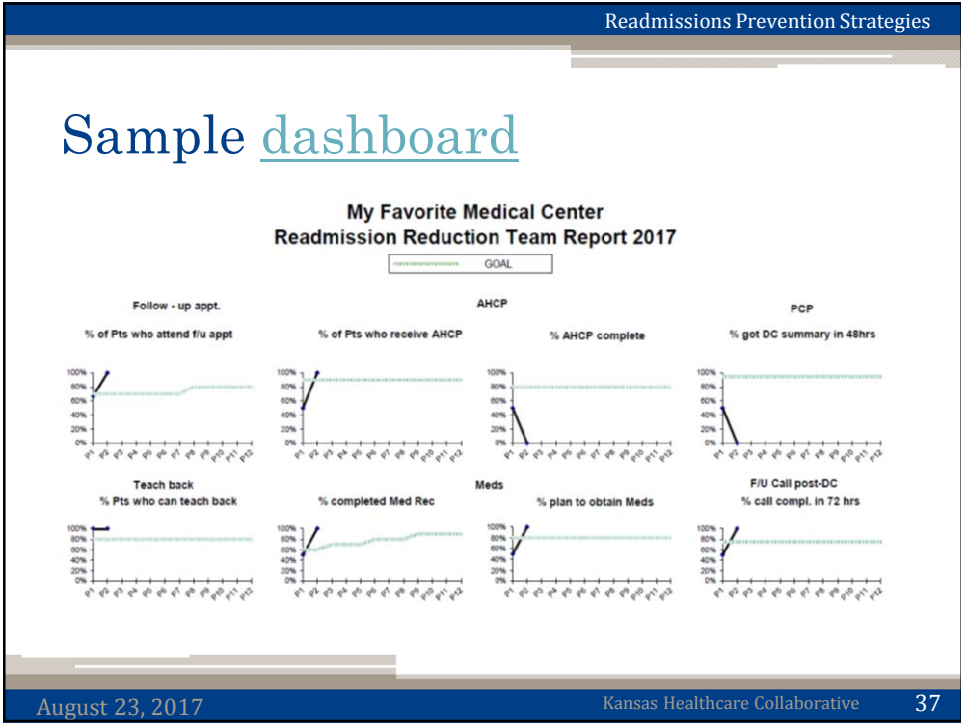

The data driver

USE DATA AND ROOT CAUSE ANALYSIS TO DRIVE CONTINUOUS IMPROVEMENT

ANALYZE DATA TO INFORM YOUR TARGETING APPROACH	Change Idea
UNDERSTAND ROOT CAUSES OF READMISSIONS; ELICIT THE PATIENT, CAREGIVER AND PROVIDER PERSPECTIVES	Change Idea
PERIODICALLY UPDATE APPROACH BASED ON FINDINGS; ARTICULATE YOUR READMISSION REDUCTION STRATEGIES	Change Idea
DEVELOP A PERFORMANCE MEASUREMENT DASHBOARD TO USE DATA TO DRIVE CONTINUOUS IMPROVEMENT	Change Idea

August 23, 2017 Kansas Healthcare Collaborative 34

Readmissions Prevention Strategies

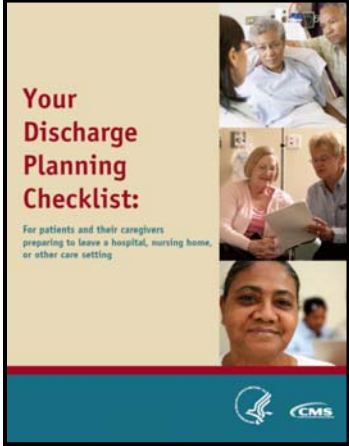

Second Primary Driver

IMPROVE STANDARD HOSPITAL-BASED TRANSITIONAL CARE PROCESSES	ENGAGE PATIENTS AND THEIR CAREGIVERS TO IDENTIFY THE "LEARNER," UNDERSTAND CARE PREFERENCES AND ASSESS READMISSION RISK FACTORS	Change Idea
	FACILITATE INTERDISCIPLINARY COLLABORATION ON READMISSION RISKS AND MITIGATION STRATEGIES	Change Idea
	DEVELOP A CUSTOMIZED CARE TRANSITIONS PLAN, TAKING INTO ACCOUNT PATIENT PREFERENCES AND ADDRESSING READMISSION RISK FACTORS AND POST-HOSPITAL CONTACT NAMES AND NUMBERS	Change Idea
	USE TEACH BACK TO VALIDATE PATIENT UNDERSTANDING; USE LOW HEALTH LITERACY TECHNIQUES AND/OR PROFESSIONAL TRANSLATION SERVICES TO OPTIMIZE UNDERSTANDING AND TEACH BACK	Change Idea
	MAKE TIMELY POST-DISCHARGE FOLLOW UP PHONE CALLS TO FOLLOW UP ON SYMPTOMS AND REVIEW THE CARE TRANSITIONS PLAN	Change Idea

Walk a mile in my shoes

- Shadow program
- ED & SNF
- Experience a day in the life
- Stronger understanding and empathy

August 23, 2017 Kansas Healthcare Collaborative 43

Readmissions Prevention Strategies

Preventable Readmissions Top Ten Checklist

- Develop a data-informed targeting strategy to identify target populations with higher than average rates of readmissions. Deliver enhanced readmission reduction strategies to these "target population" patients.
- Identify root causes of readmissions based on interviewing patients, caregivers and providers. Prioritize your improvement strategies based on those that will address the root causes of readmissions among your patients.
- Improve care transition processes for all patients, regardless of readmission risk. Refer to the proposed practices articulated in the proposed CMS Conditions of Participation for Discharge Planning.
- Provide a customized transitional care plan for all patients.
- Effectively communicate with patients and caregivers. Use translation services, teach-back, motivational interviewing and materials written in plain language.
- Deliver enhanced readmission reduction services for your target populations based on their root causes of readmissions.
- Design a high utilizer approach for patients with four or more admissions per year. Identify their "driver of utilization," and use care plans to improve care across settings.
- Engage the emergency department as a new site of readmission reduction activities.
- Collaborate with clinical, behavioral, and social service providers to improve cross-setting care processes for shared patient populations. Ensure you are aware of the services and supports that are available from other providers and agencies in your community.
- Measure what you implement, driving to reliable delivery of improved processes.

Science of Improvement

- > Have you done an analysis to understand where you are and what gaps you have?
- > Have you set your aim?
- > Have you selected what you want to test?
- > Are you running effective PSDA cycles?
- > Have you reviewed the HRET HIIN Change Package and Top 10 checklist?

- > Readmissions Data Drill Down
- > Readmissions Reduction Gap Analysis
- > Readmissions Reduction Ideas to Test
- > Institute for Healthcare Improvement PSDA Worksheet for Testing Change

Enhanced services for patients at a higher risk of readmission.

- ☐ > Test warm handoffs for hospital to skilled nursing facility transitions
- ☐ > Test scheduling behavioral health follow-up in addition to medical or surgical follow-up
- ☐ > Test how to directly link patients to social services rather than asking them to self-navigate

Readmissions Prevention Strategies

Polling Question

Which of the following techniques does your hospital include in its readmissions prevention efforts?

- Discharge instructions utilizing Teach Back
- Discharge instructions (without Teach Back)
- Medication Reconciliation
- Packet of materials to take home
- Follow-up phone calls
- Home visit
- Patient interviews upon readmissions
- Other (Type into chat)

Upcoming HIIN Webinar

HRET HIIN: **Falls** Virtual Event
Goodbye Bundle, Hello Care Plan
Tuesday, September 12 • 11:00 a.m. to 12:00 p.m.

With the wide adoption of electronic documentation, individualized care planning has become a challenge especially in the area of fall prevention. Learn about an innovative tool that was developed at Brigham Young's Women Hospital that has led to a reduction in overall fall rates and fall with injury rates.

The **Fall TIPS : Tailoring Interventions for Patient Safety** tool is a laminated bedside clinical decision support tool that links risk factors to interventions , engages the patient in developing the plan and communicates the fall plan. Join this event to learn what is in the **Fall TIPS tool kit** and how your organization can gain access and implementation support.

Resources & Upcoming Events

HRET HIIN ADE Fishbowl

Opioid Safety

Join the HRET HIIN on August 24th for our next "Fishbowl" event where you will watch brave organizations learn by doing...in real time.

Join in as they develop aim statements and measures, organize small improvement teams, and begin rapid cycle Plan-Do-Study-Act (PDSA) learning and improvement cycles.

See how small tests of change can lead to learning from failure; failure that rapidly leads to success.

The intended audience is for hospital teams working to reduce ADEs due to opioids.

July 20, 2017 ● 11:00 – 12:00pm

August 24, 2017 ● 11:00 – 12:00pm

September 26, 2017 ● 11:00 – 12:00pm

Pre-register at www.hret-hiin.org/Resources/ade/17/ade_fishbowl_series.shtml

HRET HIIN Readmissions Fishbowl

Reduce Readmissions

Does your organization have an opportunity to gain new insights and test strategies to reduce readmissions?

Join the HRET HIIN on August 24th for the next reducing readmissions "Fishbowl" event where you will watch the process improvement journey of five HRET HIIN hospitals, including *Ransom Memorial Hospital in Ottawa, Kansas!*

Listen in as the hospitals create reduction aim statements, focus on their target population and develop their first small test of change to implement in their readmissions reduction efforts.

July 13, 2017 ● 11:00 – 12:00pm

August 10, 2017 ● 11:00 – 12:00pm

September 14, 2017 ● 11:00 – 12:00pm

Pre-register at: www.hret-hiin.org/Resources/readmissions/17/readmissions_fishbowl_series.shtml
