KHC Team of Quality Improvement Advisors

Registration Online at www.khconline.org

Purpose

CMS has launched numerous programs and models to help health care providers achieve large-scale transformation while striving to help clinicians move from volume-based to value-based patient-centered health care services. This program will focus on the CMS Transforming Clinical Practice Initiative's Kansas Compass Practice Transformation Network. Accomplishments to date will be shared, featuring local PTN and Person and Family Engagement successes, along with valuable information regarding collective Kansas PTN data, a status update from CMS's Regional Director, and a special presentation regarding redesigning clinical work flows to support hypertension and diabetes management.

Who should attend?

This event is designed for practices enrolled in the Compass PTN who want to increase their knowledge of tools and resources that can be utilized to improve quality of care and patient health. Attendees include: physicians, physician assistants, nurses, nurse practitioners, practice managers, practice administrators, front-line staff, quality professionals, health care information technology staff and health care leaders.

Is there a cost? Free to participating KS PTN Practices.

What about lunch? Free to participating KS PTN Practices.

Continuing Education Credits available? 6 Hours of CNE Contact Hours

8:00 a.m. Registration

8:30 a.m. Welcome; State of the Union

Kendra Tinsley, MS, Executive Director

Kansas Healthcare Collaborative

Tom Evans, MD, President & CEO

Compass Practice Transformation Network

The Centers for Medicare & Medicaid Services have launched numerous programs and models to help health care providers achieve large-scale transformation while striving to help clinicians move from volume-based to value-based, patient-centered health care services. Dr. Evans will discuss the Transforming Clinical Practice Initiative (TCPI) Year 1 results and additional large-scale transformation initiatives.

9:30 a.m. Stories From The Field

Julie Worcester, BA, RMA

Karna Peterson, RD, MPH

Family Health Care Clinic, Lindsborg

Shannell Richardson, RN, ANM, GRN

WesleyCare Family Medicine Center, Wichita

Presentation Facilitators:

Karlen Haury, MBA, PCMH-CCE, Devin June, Mary Monasmith, RHIA, PCMH-CCE, Jonathan Smith

Kansas PTN Quality Improvement Advisors

Local clinician leaders will discuss their Year 1 experiences through Compass PTN. They will reflect on their journey of quality improvement and the positive impact on reimbursement. They will also review where they are moving in the future and how they plan to deploy value-based methodology while being paid in a volume-based world. They will discuss best practices and opportunities, including annual wellness visits, establishing referral networks, and chronic care management.

10:30 a.m. Break

10:45 a.m. Quality Payment Program

Patricia Meier, MD, Region VII Chief Medical Officer

Center for Medicare and Medicaid Services

This session will provide information on QPP tracks available to participants and special circumstances for reporting, including rural, small, underserved areas, and non-patient facing providers. Additionally, weights, benchmarks, and deciles of the measures and categories will be reviewed.

11:15 a.m. Clinical Transformation and Population Health in Kansas

Eric Cook-Wiens, MPH, CPHQ, Data and Measurement Manager

Kansas Healthcare Collaborative

This session will look at the Kansas PTN progress as a collaborative implementing the TCPI change concepts based on aggregate data from the Practice Assessment Tool (PAT) and other collected data. It will also discuss how practice transformation can impact population health and potential resources and opportunities for improving the health of the community.

12:15 p.m. Lunch, Guest Speaker

1:30 p.m. Redesigning Clinical Work-Flows to Support Hypertension and Diabetes Management

Justin Moore, MD, Medical Consultant
Health ICT

The purpose of this session is to describe the benefits of team-based care, to describe an approach to completing a practice work-flow analysis (stakeholder analysis, Ishikawa diagrams, chart reviews, literature reviews, and financial projections) and to connect patients with appropriate community resources outside of the clinic’s own four walls.

2:30 p.m. Break

2:45 p.m. Engaging the Person and Family

Kady Reese, MPH, CPHQ, Statewide Strategies Lead
Compass Practice Transformation Network
 Becky McCune, Senior Director of Practice Management
 Christina Smith, RN, Charge Nurse
Coffeyville Regional Medical Center
 Shannell Richardson, RN, ANM, GRN
WesleyCare Family Medicine Center
 Presentation Facilitators:
 Jill Daughhete, CMPE, Josh Mosier
Kansas PTN Quality Improvement Advisors

Person and Family Engagement (PFE) is at the core of true health care transformation and will soon be measured by CMS. PFE is a term used to describe the process by which patients, their families, and caregivers are invited, welcomed, and integrated as equal partners in their health and health care. Compass PTN Strategies Lead and PFE expert Kady Reese, MPH, CPHQ, will provide a clearer understanding of the national perspective on PFE and provide insight on the Compass PTN commitment to PFE. Additionally, hear success stories from featured Kansas PTN practices, and the KHC team of Quality Improvement Advisors.

3:45 p.m. Wrap-Up, Requests, Offers, and Recommendations

Rosanne Rutkowski, MPH, BSN, RN, Program Director
Kansas Healthcare Collaborative

This final piece will summarize the transformation strategy, lessons learned, best practices, and shared resources identified from local participants. This wrap-up will also summarize shared barriers to transformation and solicit requests and offers from participants to accelerate transformation.

4:00 p.m. Adjourn
