

# WEBINAR

## Heart Failure: Palliative Care and Heart Failure: Critical Conversations That Always Succeed

July 26, 2018 • 12:00 PM – 1:00 PM CST

### Register Online

<https://zoom.us/meeting/register/77332a8eb9690a007510d14dfea9e911>

### Target Audience

Physicians, nurses, clinical staff, improvement advisors, data analysts and quality specialists.

### Program Overview

Patients are at the center of care. Engaging them and their family members in determining their care prior to an emergency is best. This allows for rational, informed and conducive shared decision making for the future.

### Learning Objectives

- Summarize palliative care for improved patient and family experience.
- Describe Advanced Care Planning and the importance of shared decision making.

### Continuing Education

1.0 Nursing Contact Hours will be awarded for this webinar by IHA Iowa Board of Nursing provider #4.

### Continuing Education Policy

In order for Nursing Contact Hours to be awarded, you will need to provide your nursing license number at registration and be logged in individually to the webinar for the full duration of the presentation.

### Recordings Policy

After the webinar, a recording will be available on the Compass PTN YouTube channel at <https://www.youtube.com/channel/UCgg26dYwVH7NuWDWykoUCRA>. Links to the videos will also be posted on Healthcare Communities.

### Registration Policy

Each person who registers is required to provide an email address.

The email address listed will be sent log-on information and handouts at least 24 hours prior to the webinar.

### Cancellation Policy

IHC reserves the right to cancel the program due to insufficient enrollment in which case pre-registered participants will be notified.

### Upcoming Project Webinars

August 23 – Project Wrap Up

## Speaker Biographies

**Dr. Tom Mouser** is board certified in Internal Medicine and Hospice and Palliative Medicine after completing a residency at University of Iowa-Des Moines and a fellowship at Stanford University. Dr. Mouser is currently the CMO of HCI/VNS overseeing and providing bedside palliative care and hospice services over 35 counties in Iowa. His expertise is working with patients and families with serious illness and chronic disease amplify their living, through improved disease understanding and management, and empowering them to make medical decision, as guided by their goals of care.
