Nursing Continuing Education

The Kansas Hospital Association is approved as a provider of continuing nursing education by the Kansas State Board of Nursing. This course offering is approved for 6.0 hours applicable for RN and LPN relicensure. Kansas State Board of Nursing Approved Provider Number: LT 0031-0116.

Hotel Room Block

KHC has reserved a small room block for March 6, the night prior to the March 7 STRIVE meeting. To make a reservation for the night of March 6, please call the Doubletree’s Group Rooms’ direct line at (316) 945-1960. Ask for the STRIVE room block. The \$114 rate (plus tax) is available until Tuesday, February 20.

Note: If you decide to stay Thursday night instead (or in addition) in order to attend the KHA Infection Prevention Conference on March 8, please ask for the KHA room block for the night of March 7. If you attend the STRIVE meeting AND only need a hotel room for the night of March 7 so you can stay over, KHC will be happy to reimburse that one-night stay.

Travel Expense Reimbursement

If your hospital is a participant in the Kansas STRIVE project and is located more than 50 miles from the meeting site, travel expense reimbursement is available through the Kansas Healthcare Collaborative. This reimbursement would cover one sleeping room per hospital at the designated hotel at the discounted rate, as well as roundtrip mileage at the federal rate. KHC will provide an expense reimbursement form to eligible participants. No incidental expenses will be covered. Contact Chuck Duffield or Rhonda Lassiter at KHC (785-235-0763) if you have any questions about reimbursement.

Food and Beverage

Refreshments and a buffet lunch will be provided.

Special Services:

If you need any of the aides or services identified in the Americans with Disabilities Act, contact Kansas Healthcare Collaborative at 785-235-0763 or email info@khconline.org.

Kansas STRIVE Presenters

Karen Jones, MPH, RN, CIC
Ascension | St. John Hospital & Medical Center

Karen Jones received her Bachelor of Science in Nursing from Concordia – Chicago and her Master of Public Health from Benedictine University. She holds her Certification in Infection Prevention and Control and has been an infection preventionist at Ascension –St. John Providence Health System in Southeast Michigan

since 2009. She has worked on several national, state, and local quality improvement interventions to improve safety in the hospital including On the Cusp: Stop CAUTI. Her background includes emergency/trauma nursing in Chicago and Detroit, as well as associate program director for a sexual assault nurse examiner program in Southeast Michigan.

Robert L. Geist, MPH, CIC, FAPIC
Kansas Department of Health and Environment

Robert Geist is an Advanced Epidemiologist at the Kansas Department of Health and Environment, serving since 2010, as the Healthcare-Associated Infections and Antimicrobial Resistance Program Epidemiologist, and as a member of the Infectious Disease Epidemiology and Response Group.

Robert graduated from Northeastern State University (B.A. Biology) in 2007, and the University of Oklahoma Health Sciences Center, College of Public Health with a Master of Public Health in 2009. In 2011 he became board certified in infection control (CIC) and in 2016 was honored to be recognized as a Fellow of the Association of Professionals in Infection Control and Epidemiology, a distinction of honor for infection preventionists who are not only advanced practitioners of infection prevention practice, but also leaders within the field.

Amy Disharoon, MPH
Health Research and Educational Trust

Amy Disharoon serves as a Program Manager at HRET and currently supports several national quality improvement initiatives, including the AHRQ Safety Program for ICUs: Preventing CLABSI and CAUTI; CDC's Engaging Partners in Infection Prevention and Control; and the AHA

Health Care Transformation Fellowship. Previously at HRET, Amy worked on supporting AHRQ's Safety Program for Ambulatory Surgery Centers. In these roles, Amy worked on several aspects of program management. Prior to this work, Amy worked as an organ transplant coordinator at the United Network for Organ Sharing. Amy has a Master of Public Health degree from the University of Illinois at Chicago and a Bachelor of Science degree in Psychology from Virginia Commonwealth University.

Michele Clark, MBA, CPHQ, CPPS, ABC
Kansas Healthcare Collaborative

Michele Clark joined KHC as Program Director in April 2012 and oversees KHC's health care quality improvement programs. Michele works closely with hospital improvement leaders and teams to provide support and resources leading to successful improvement initiatives.

Michele holds a Master of Business Administration degree with an emphasis in public policy and administration from Lincoln University, Jefferson City, Mo. She received a Bachelor of Science degree in Organizational Leadership from Southern Nazarene University. Michele is a Certified Professional in Healthcare Quality (CPHQ), a Certified Professional in Patient Safety (CPPS), and an Accredited Business Communicator (ABC).
