

# KU Diabetes Institute

## Optimal Care of Diabetes 2020:

*Practical Advances in Outpatient Treatment*

SATURDAY, APRIL 4, 2020  
10 AM – 4 PM

TONY'S PIZZA EVENT CENTER  
800 THE MIDWAY  
SALINA, KS 67401

## Welcome

The KU Diabetes Institute is excited to announce its 1st statewide clinical diabetes symposium. While our state suffers from a disproportionate burden of diabetes and a lack of resources, it benefits from a cadre of providers who are truly dedicated to providing quality care.

The natural history of T2DM complications is changing dramatically; and the treatment goals and tools of diabetes care are different from what they were just a few years ago. The purpose of our symposium is to provide practical and efficient outpatient management skills, confidence in using new drugs, alternatives to branded medications, an approach to noncompliance and insights into innovative technologies including continuous glucose monitoring.

To register for the event, please go to <https://www.eeds.com/live/387403>.

\* Note: Continuing Education will be provided (see next page).

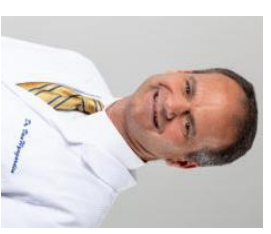

**DAVID ROBBINS, MD**  
UNIVERSITY OF KANSAS MEDICAL CENTER
